

A Private Health Insurance Exchange

WHAT IS HEALTHPASS NEW YORK?

A private insurance exchange since 1999, we provide companies in the New York metropolitan area affordable and accessible coverage. As part of an exchange, employees have the ability to choose from health insurance and benefit plans that fit their needs and budget from an ever growing range of choices. Our exchange allows employees to pick from a wide range of insurance carriers, provider networks, metal levels and plan types.

HEALTHPASS FOR YOUR BUSINESS

The administration is streamlined and easy with HealthPass. There's one group set-up and one employee enrollment form. Groups receive one invoice and write one check. The HealthPass Online Portal (HOP) allows group administrators and employees access to review their accounts, process enrollments and make administrative changes.

HealthPass will administer COBRA and offer a POP Kit Section 125 at no additional cost to the employer. Members benefit from our dedicated Client Services team, as well as a health advocacy service.

HealthPass is available to companies with 1-100 full-time equivalent employees. Companies must be located in the five boroughs of NYC, Long Island, Westchester, Rockland, Orange, Putnam, Dutchess, Ulster or Sullivan counties to be eligible.
