BENEFIT YOUR BEST SELF

Beyond Med is a membership program that elevates your health and well-being by providing access to a proprietary network of board-certified doctors and licensed providers at reduced costs of up to 20% on elective and cosmetic services.

As the first licensed membership program of its kind, Beyond Med has no limits to benefit usage on providers in network. Plus, if you don't see a provider you've been eyeing on our list, we welcome you to submit provider nominations.
