## Affordable Care

With the Guardian Managed DentalGuard DHMO pre-paid plan, each member selects a primary dental facility from the directory of participating general dentists. All covered family members may choose different primary care dentists, or the same dentist based on personal preference. The primary care dentist will preform all dental services and coordinate referrals to network specialists when necessary. This process ensures continuity of care and helps keep the plan cost-effective.

## About the Plan

With Guardian Managed DentalGuard DHMO, you and your family can count on accessible, concerned care. All covered services are based on a list of fixed patient charges, so you'll always know exactly what your out-of-pocket costs will be. Plus, there are never any claim forms to complete! If you should need a dental specialist, the Managed DentalGuard DHMO network includes oral surgeons, periodontists, endodontists, orthodontists and pediatric dental specialist. Your primary care dental office can obtain a specialist referral. If you use a dentist who does not participate with the Managed DentalGuard DHMO network or do not obtain a specialist referral, your procedures will not be covered.
