## WHAT IS THE HEALTHPASS ANCILLARY EXCHANGE?

The Ancillary Exchange allows employer groups of all sizes to offer their employees a robust and flexible menu of supplementary health and non-health-related coverage with easy administration for both the employer and employee. Through the Ancillary Exchange, employees have the opportunity to enroll in benefit plans and other services through a state-of-the-art Benefits Administration System.

## BENEFITS

The Ancillary Exchange allows employers to build comprehensive supplemental benefits offering for their employees. Employees are then able to create their own voluntary personalized benefits package by selecting the plan(s) that work best for their needs and budgets.
